## Sip and Sing with a Twist:

### RULES, REFUND & CANCELLATION POLICY

NO REFUNDS. A PHOTOSHOOT credit will be given for individuals cancelling with at least 24 hours notice. "No shows" with no notification will not be issued credit. Parties of 5 or more must cancel 72 hours before the date of the schedule Sip & Sing.

**Sip & Sing** events combine a fun singing event with a high-energy environment and a few drinks. ... Events are paid in advance, and we provide up to 5 shots for free for each paid individual, instrumental music for singer(s), wine glasses, corkscrews and even ice, so you don't have to show up with anything. Within 72 hours after event each paying individual will receive a copy of video and audio of that event via of email only.

### Food & Drink

We do allow outside beverages into the studio (including non-alcoholic beverages). You are welcome to bring snacks to your event, but the food must be prepared in a licensed kitchen, i.e. restaurant, caterer, grocery store, etc. We also ask that you let us know in advance if you want to bring in food so that we can set up a table for you if necessary. Please contact us for additional information about this policy.

### Alcohol

All guests wishing to purchase or consume alcoholic beverages must be 21 or older and present a valid I.D. at check-in.

### Minimum Age Recommendations

Each class on our calendar has a minimum age recommendation. This recommendation is based on the expected ages of attendees and the content of the class including music content, and alcohol consumption. No guest under 17 is allowed.

### Security

Ax'cess Production Studio is committed to the protection of the personally identifiable information that you share with us. We utilize a combination of security technologies, procedures and organizational measures to help protect your personally identifiable information from unauthorized access, use or disclosure. For example, we store the personally identifiable information you provide on computer servers with limited access. Personal information, for example, credit card information, sent over the internet is protected with Secure Sockets Layer (SSL) encryption technology.
